Dear [Redacted]

I have reviewed the Systems Furniture Plan for the Directorate of Administration at the Central Intelligence Agency headquarters in Langley, Virginia (Control #79304).

It is my understanding that the equipment shown on the plan was ordered before the OMB furniture freeze was effective (February 27, 1980), and that you are submitting this plan for design review only.

In view of the above, your plan has been approved by our staff. Please keep a copy of the approved layout for your records.

Sincerely,

CYNTHIA MANCINI
Acting Chief
Space Planning Section
